### "Learning Through Play"

Strawberry Vale Co-operative Preschool is a parent participation preschool with a philosophy and belief that children learn best through play. Your child will have time to experiment and explore with other children in a positive, safe and nurturing atmosphere. Using a variety of activities, the Early Childhood Educator (ECE) will encourage your child to discover his or her unique interests and aptitudes.

## Strawberry Vale Preschool

### The Co-op Experience

A parent participation preschool (Co-op) offers many rewarding benefits to both children and their parents.

#### Benefits for your child:

- experience his/her parent contributing to and participating in the preschool
- develop supportive relationships with adults other than his/her own parents
- thrive in a safe and nurturing environment specifically designed and equipped to foster his/her curiosity and creativity

#### Benefits for parents:

- be an active part of your preschooler's learning experience
- meet, socialize, and work co-operatively with a diverse group of parents from your community
- contribute your skills and make a difference

### Annual Open House
